6. Any other business

AloD Platform News and Status Updates

AloD Updates and News Part 1

- Branding of the platform is now [AI on Demand, AloD](#)
- The CMS has already the new Logo, AI4EU Experiments will follow shortly
- The TGB is now the [AloD Technical Contributors Board: AloD TCB](#)
- It will continue to work in the spirit of the TGB
- The main goal is to enable and facilitate technical contributions by
 - *connecting contributors, developers and platform experts*
 - *supporting the Open Distributed Development Process*
 - *keeping track of ongoing contributions*
- The exact Terms of Reference are work in progress and will fit in the overall governance framework for AloD (=> AI4Europe WP2)

AloD Updates and News Part 2

- The official release 1.0 of Eclipse Graphene has been approved by the Eclipse Foundation

Latest Releases:

From November 24th, 2022 to November 24th, 2022

Name	Date	Review
1.0	2022-11-24	

Ongoing technical Contributions to the AloD Platform

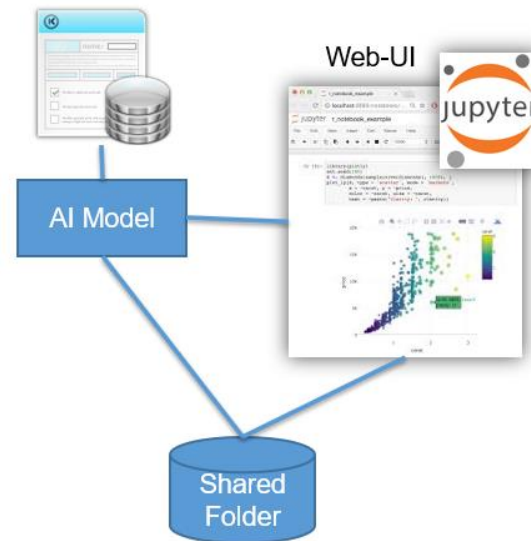

- AI4Europe: Meta-Data Storage / API
- ICT-49 Stairwai: concept for integration of vertical matchmaking
- ICT-49 AI4Copernicus: deploy pipelines from AI4EU Experiments to Creodias satellite image platform
- ICT-49 AIPlan4EU: Support for nested datastructures in the AI4EU Experiments
protobuf parser: stalled, dev resources will be re-arranged

More Contributions? Please let me know and maybe present here

Recently finished technical Contributions

- ICT-48 HumanE-AI-Net: deploy model with connected jupyter notebook

AloD Authentication: EU-Login, EGI Check-In

- I-Nergy presented the security layer in the last TCB with Keycloak and Wazuh as main components
- EU-Login and Keycloak integration needs to be discussed with EC EU-Login experts
- EGI Check-In could be an interesting addition to the game
